

The 2nd Inorganic Chemistry Frontiers International Symposium

14 March 2017, Xianlin Campus, Nanjing University, Nanjing, China

Event Webpage: <http://rsc.li/icfis17>

Register by 6 March: <https://events.rsc.org/rsc/1099/register>

Time	Event	
08:50-09:00	Opening Remarks	
	Jinglin Zuo (左景林) , Nanjing University Daping Zhang (张太平) , Royal Society of Chemistry	
09:00-09:30	Zijian Guo (郭子建) , Nanjing University Functionalization of Platinum Anticancer Complexes	Chair of Session 1
09:30-10:00	Qiangbin Wang (王强斌) , Suzhou Institute of Nano-Tech and Nano-Bionics, CAS Ag ₂ S Quantum Dot: A New Near-Infrared-II Fluorescence Nanoprobe for In Vivo Bioimaging	John McGrady
10:00-10:30	Ling Huang (黄岭) , Nanjing Tech University Luminescent Rare Earth Nanomaterials and Applications	Oxford University
10:30-10:50	Coffee & Tea (20 min)	
10:50-11:20	Zhiping Zheng (郑智平) , University of Arizona Transition Metal Clusters as Novel Platforms for Chemical Transformations and Materials Development	Chair of Session 2
11:20-11:50	John McGrady , Oxford University Metallo-Silicon Clusters: A Computational Chemist's Playground	Zijian Guo (郭子建)
11:50-12:20	Oleg V. Ozerov , Texas A&M University Boron in and out of pincer complexes	Nanjing University
12:20-13:40	Lunch (80 min)	
13:40-14:10	Yi Xie (谢毅) , University of Science and Technology of China Design of the Ultrathin 2D Electrocatalysts for Promoting CO ₂ Reduction	Chair of Session 3
14:10-14:40	Yaqian Lan (兰亚乾) , Nanjing Normal University The Application of Polyoxometalate-based Composite Materials in Energy Storage and Conversion	Hiroki Oshio
14:40-15:10	Yong Cui (崔勇) , Shanghai Jiaotong University Design of Chiral Covalent Organic Frameworks for Enantioselective Processes	University of Tsukuba
15:10-15:30	Coffee & Tea (20 min)	
15:30-16:00	Hiroki Oshio , University of Tsukuba Metal complexes with bistability	Chair of Session 4
16:00-16:30	Hiroshi Kitagawa , Kyoto University Dimensional Crossover in Coordination Chemistry	Oleg Ozerov
16:30-17:00	Song Gao (高松) , Peking University Ferroelectric molecular magnets and single-ion magnets	Texas A&M University
17:00	Closing Remarks	
	Song Gao (高松) , Peking University
